Natural Resources Awareness Days (NRAD) will be held in September. Sixth grade students of Wise County along with City of Norton will take a one-day fieldtrip on September 15th & 22th to the Powell River Project Research & Education Center in Norton. Students will view displays and participate in discussions about Wise County’s natural resources as they relate to science topics incorporated in the Virginia Standards of Learning. Students will also be treated to a free lunch and soft drinks will be provided courtesy of Pepsi-Cola Bottling Company. Several local agencies and businesses will be participating in this year’s event - Virginia City Hybrid Energy Center, Dominion; Powell River Project Research & Education Center; EnerVest; Natural Tunnel State Park; Virginia Dept. of Forestry; Virginia Department of Mines, Minerals, and Energy (DMME); Vulcan Materials; and Wise County Litter Control and Recycling Department.

Following the fieldtrip, students will be given the opportunity to participate in one or more contests - essay, poetry, and art. Contest winners will be presented with a plaque and award at the December meetings of the Wise County & City of Norton School Boards courtesy of Dominion.

Natural Resources Awareness Days, formerly Coal Appreciation Days, originated in 1984 as a joint effort among several organizations to salute the coal industry and show appreciation for its contribution to Wise County. In 2001, the Chamber’s NRAD Committee dramatically changed and expanded the program to include activities and speakers relating to all our natural resources including mined minerals, water, gas, oil, and timber. To reflect these changes, the name of the event was changed to Natural Resources Awareness Days. Now our goal is to raise awareness of the importance of all of Wise County’s natural resources.

Natural Resources Awareness Days is sponsored by the Wise County/City of Norton Chamber of Commerce, Local Kiwanis Clubs of Wise County, and Commonwealth Connections, the Powell River Project Research & Education Center, Wise County Public Schools, Norton City Schools, and local businesses. Phil Meeks, Extension Agent, Powell River Project Education Center, serves as the chairman of the Natural Resources Awareness Days Committee.
